Hi all,

For this afternoon's discussion, I suggest walking through CRW's response document and focusing in on those areas where we might have disagreement/need more information. I have flagged what appear to be key issues below:

Ex. 5 AC/AWP/DP; 7A

We can then take our list of issues and turn it into a proposed agenda for tomorrow's discussion.

For reference, I made notes in the CD redline based on my review of CRW's response document. I found it helpful to see their responses in context. I have attached my notes in case anyone would like to see them.

Thanks,
Devon
